MEMORANDUM FOR: General Cabell

1. Attached is General White's answer to our letter of several weeks ago concerning plans for AQUATONE. As you will see, this is for all practical purposes a full concurrence with our plans.

2. The one question the Air Force raises in paragraph 4 of the attached letter concerns the choice of [] in preference to Adana as a base in Europe. Partly in response to this letter, we are investigating actively and urgently the possibility of housing dependents at Adana. We share General White's views on Adana's superiority on both political and operational grounds and will remain there if there is any way in which the dependency problem can be worked out. Incidentally, the dependency problem has been explained to General White.

25X1A

3. Since we are in amicable communication with the Air Force on all the matters raised in this letter, I do not believe any formal written communication is necessary.
